This interactive class will use, **Read with the Best: American Literature, Volume II – 1860 - 1960**. As described by the author: The features that make this literature curriculum different from the others on the market are: 1) It uses a college text book The Norton Anthology of American Literature as its reading text to not only prepare students for college but also to equip them to take two AP exams or CLEP exams and exempt freshman English in college. It was written using the AP and CLEP reviews as guides. 2) It teaches hundreds of SAT/ACT vocabulary words and literary terms now found on the critical reading portions of these tests, as well as the SAT essay and other expository writing. 3) It exposes students to American literature authors and the historical time periods they lived in. 4) It includes hands-on activities that appeal to all learning styles and other activities that bring the passages to life for these high school students. 5) It includes mainly whole books and whole works instead of small excerpts. 6) It uses literature that teaches, inspires and encourages the students to make critical and moral judgments. 7) It was written by a high school English and literature teacher of 30 years and a home school mother of 20 years. 8) Students who complete the course receive 2 and 1/4 high school credits. Although the author does mention using their *Write with the Best* curriculum, I will supply any necessary handouts for writing assignments.
